Please give a brief introduction of yourself for our chapter members:

I have been an infection preventionist for the last eight years, and I am thoroughly passionate about this intriguing field.

Married my high school sweetheart and have two awesome kids who are now married. Love to read, craft, and garden.

Please describe your current scope of practice:

As a DICON IP, we consult with contracted facilities and evaluate their IP Program. We assist in educating novice IP's, round in high risk areas, perform surveillance activities, assist in outbreak investigations, submit data for research purposes, and submit mandatory HAI's to NHSN.

If selected, I agree to honor all responsibilities and attend scheduled meetings of the position that I am seeking. Please indicate your willingness to be considered for the position below by marking your preference:
